Forecast for Sunday 13 Oct 2024

Weather: Rather cloudy through the day, with the best of limited hazy brighter spells coming during the morning as cloud thickens and lowers with time. Intermittent light rain possible by dusk, giving way to heavier and more persistent rain from the west during the evening.

Chance of cloud-free hill tops above 800m: 90% falling to 50% in the evening.

Low Cloud and visibility: Mainly no significant low cloud, but occasional or patches possibly developing around the summits in the evening. Visibility mostly very good, but moderate or poor in any rain and summit cloud late in the day.
